

WOULD EXPEND UP TO \$40,000, WOOSTER ROAD

County Commissioners Will
Meet State, Dollar For
Dollar

RESOLUTION WORTHY
OF GREAT PRAISE

Lock-Centerburg Road Peti-
tion Rejected; Barber
Renamed Trustee

John C. Earlywine, E. M. Ramey
and Joseph R. Wilson are deserving
of the greatest credit for their work
in attempting to extend as far as pos-
sible the Wooster highway.

Meeting in regular session Monday,
these commissioners passed a resolu-
tion declaring that they stand ready
to meet the state, dollar for dollar,
up to \$40,000, in extending the Woos-
ter road toward Amity.

This fund will be provided during
the year of 1917, so if any state aid
can be obtained, it means an exten-
sion of the highway. In the past, the
commissioners have met the state at
a ratio of about 4 to 1. It is not con-
sidered likely that more than \$15,000
can be obtained from the state.

The commissioners were forced to
reject the petition for the Lock-Cen-
terburg road improvement on account
of the fact that no 51 per cent of the
property-owners were represented on
the same.

The following were named by the
commissioners on the burial of old
soldiers commission:

Berlin—B. B. Williams,
Jefferson—A. H. McClurg,
Morris—W. H. Bricker,
Union—John Robinson and Henry
Butts.

First Ward—R. H. Hyatt and G. R.
Baker.

Hillier—M. A. Hunt.

This fills all vacancies on the com-
mission.

C. M. Barber was re-appointed by
the commissioners as a trustee of the
Children's Home.

No contracts were let.

DOUP

Committed To State Hospit-
al, Following Inquest

Unfortunate Man Declares He Is One
Year Old; Imagines French
Soldiers Are In The
Vicinity

David Doup, the unfortunate lunatic
who was taken into custody Monday
morning by Sheriff Walter B.
Mossholder near Hiawatha park after
he had spent several hours in the
home of Mrs. E. R. Brown of Aca-
demia, was made the subject of a lunacy
inquest Tuesday morning in the
court of Judge Wilkins. Examining
physicians were Dr. C. K. Conard and
Dr. H. W. Blair. Doup was adjudged
insane and ordered committed to the
state hospital.

Doup presented a pitiable appear-
ance when brought into court. He
was wearing a straw hat with a hole
in it and appeared very disheveled.
When asked to give his age, he re-
plied that he was one year old. Mon-
day, he declared he was five years of
age. He seemed to labor under the
impression that some French soldiers
were in the vicinity and muttered
something about having fought in the
Civil war.

Into Boiling Water

John Ronald Garrad Expires Monday
Evening; Funeral To Be Held
Wednesday

The barn sustained by John Ron-
ald, the 2-year-old son of Mr. and Mrs.
Dale Garrad, when he was scalded ac-
cidentally Monday morning caused
the child's death at 11:55 Monday
night. The child was two years and
seven months old and was an only
child. He is survived by his parents,
Mr. and Mrs. Dale Garrad of the old
Delaware road. The funeral at the
late home Wednesday morning at
10:30 o'clock, Rev. O. E. Ford officiat-
ing.

The mother of the little boy had
placed a basin of boiling water on
the floor. Her son, without noticing
the same, had backed into it. His
back was badly burned. It is thought
that the shock, more than anything
else, caused his demise.

NEIGHBORHOOD NEWS

Tipped that boys were stealing
money from milk bottles, a Mansfield
policeman stationed himself in the
neighborhood of the suspected op-
eration and, on Tuesday, arrested one
of the boys who told the name of a com-
panion. The two were lectured.

On Tuesday, Charles K. Bowman,
Wooster distiller, found a letter, notifi-
ng a student of the university that
he had flunked in rhetoric, near his
plant which had been entered. Police
were notified and the student, togeth-
er with five others, arrested. They
said the raid was a "lark." Six quarts
of 12-year-old whiskey were taken.

Newark expects to be able to oc-
cupy its new postoffice by next No-
vember.

Coshocton Elks will hold a St. Pat-
rick's Day reception and smoker. Out-
of-town speakers will be Roy G. Sil-
baugh of Lancaster, president of the
state association, and Dr. R. W. Long-
fellow of Toledo, a member of the
Big Brother committee of the grand
lodge.

ark on a charge of having shot his
son, declared Monday that he had only
intended to scare his offspring when
the latter came home drunk and kicked
the door down.

Residents of Adams Mills are stir-
red by an epidemic of rabies. Nine
dogs have been killed.

Foul play is suspected in the case
of Homer Brunner, who has been miss-
ing from his Newark home since Sat-
urday afternoon.

ATTENTION FARMERS

As conditions point to continued
high prices for wheat again this year,
it might be a good idea for farmers
to sow spring wheat this year instead
of oats, as it would likely prove a
more profitable crop.

This is being done to some extent
in other sections of the state with
good results.

If any farmers decide to try it out,
we will be in position to furnish good,
clean spring wheat for seed at a rea-
sonable price, based on the cost of
spring wheat delivered. We will also
be in position to buy your crop when
you get ready to sell, and will pay the
same price as for soft winter. It is
good, clean wheat.

We will be glad to talk over the
matter with any farmer who is inter-
ested.

HELPED DOCTOR PREPARE DRUG, FIEND FRANTIC

Young Man, Nabbed At Cro-
ton, Tells Pitiful Story

NEEDS 6 GRS. DAILY

Had Formerly Used Eight A Day, But
Reduced This By Sheer Will
Power; Sent To Colum-
bus For Treatment

The young man, Alfred Marshall,
who threatened Dr. Hempstead of Cro-
ton in an effort to get morphine, was
fined \$5 and costs by Justice Scott
Tuesday morning, reports the Newark
American-Tribune.

Marshall is a traveling salesman
who has acquired the dope habit and
the use of the hypodermic needle. A
young man, he is well connected in
Cambridge, O. When they went for
him Sunday he was nearly frantic.

He had been following his business
in that part of the state and ran out

of his supply of the drug. He told the
officers that if he could get enough to
allay the cravings till he could get
back to Cambridge his father had
promised to send him to a sanitarium
for the cure of the habit. He had used
it until he was at one time taking 8
grains per day to keep him in a "nor-
mal" condition. By sheer will power
he said he had reduced the daily con-
sumption to six grains per day, but
suffered untold tortures when he
went below that amount.

While the doctor, at the direction of
the sheriff, prepared the drug, the
man in a half frantic but expeditious
way aided the doctor in preparing the
solution for the hypodermic syringe.
In a few moments after the injection
he became a normal gentleman—in a
word, again Dr. Jekyll.

This noon the probate judge and
two physicians came down from Cam-
bridge and after an examination of
the young man they decided that he
should be sent to Columbus for treat-
ment.

DISLOCATES ARM
LIFTING METAL AT
PUMPING STATION

When he lifted a heavy piece of
metal at the waterworks Tuesday,
Richard Sutton dislocated his left
arm. A local physician was called to
his aid by other employees and an an-
aesthetic was necessary before the
dislocated arm could be worked back
in place. The accident happened about
3 o'clock Tuesday morning.

Rheumatism Should Be Nipped In The Bud

Rheumatism in its early stages may
delude you into believing that it is a
disease of a purely local and tempo-
rary nature. Beyond a slight numb-
ness of the limbs and pains in the
joints or back, there may be no out-
ward indications of it, but if you do
not heed these warnings, or if you
rely upon liniments to cure you, it will
grow rapidly worse until you have
rheumatism in its most violent form.

These symptoms, mild in the begin-
ning but growing steadily worse, indi-
cate that your blood is impregnated

with Uric Acid, which, if not erad-
icated, will contaminate your entire
system. The results will be racking
pains in the joints, muscles and limbs,
chronic stomach troubles, and a slug-
gish liver.

The only relief is in the restoration
of the blood to its normal, vigorous
condition, which can be accomplished
by taking S. S. S., the unfailing
remedy for rheumatic troubles. Our
Medical Department is at the disposal
of all users of S. S. S. Swift Specific

A Traveling Man Cured

P. B. Chamberlain, a traveling man of
Joplin, Mo., writes: "Twelve years ago
I was a great sufferer from stomach trou-
ble. I tried nearly every
medicine I could
hear of, among them I
used fifteen bottles of
one popular prepara-
tion, but never found
anything that did me
any permanent good
until I took Chamber-
lain's Stomach and
Liver Tablets, which
have effected a perma-
nent cure. It has now
been five years since I
took these tablets, and
I have had no more
stomach trouble dur-
ing that time. I have
recommended Cham-
berlain's Tablets to a
great many sufferers
with stomach trouble,
and traveling sales-
men, and have met many of the boys on
the road that are afflicted with disorders
of the stomach as they have to put up
with all kinds of half cooked grub at the
different country hotels, which is one
cause of this dreadful disease."

Made My Life Worth Living

"I feel it my duty to tell others what
Chamberlain's Tablets have done for
me," writes Mrs. L. Dunlap, of Oak
Grove, Mich. "I have
suffered with pains in
my back and under
my shoulder blade for
a number of years,
also with a poor ap-
petite and constipation.
I tried all of the rem-
edies that I heard of,
and a number of doc-
tors, but got no relief.
Finally a friend told
me to try Chamber-
lain's Stomach and
Liver Tablets. I got a
bottle of them and
they soon helped my
stomach; by their gen-
tle action my bow-
els became more regu-
lar. Today I feel like
praising them to all
who suffer as I did, for
me and made my life
worth living."
